

# Nature's Way Diamond

## HEAVY DUTY INDUSTRIAL ALL PURPOSE CLEANER/DEGREASER CONCENTRATE

***The safer alternative to toxic cleaners, solvents and bleaches.***

Nature's Way Diamond is an aqueous, multi-purpose, alkaline cleaner and degreaser having little odor or fumes. Contains no butyls, petroleum solvents or citric derivatives. All components are completely biodegradable and non-toxic to microbes in sewer systems after adequate rinsing or pH adjustment.

Diamond dissolves and removes heavy deposits of carbon, exhaust soot, grease, oil, dirt, etc. from most hard surfaces including concrete, metal, and most industrial painted surfaces. Although Diamond does not contain microbes, its purpose is to remove and break down heavy, hardened contaminants so they can be easily digested by microbes in sewers and waste treatment systems. After rinsing, other Nature's Way products with microbes can be applied to eliminate hydrocarbons in porous substrates and waste streams. Excellent for cleaning concrete, machinery, equipment, locomotives, engines, tools, and other industrial surfaces.

- **100% biodegradable, will not harm microbes in sewers or water treatment systems at high dilution**
- **Dissolves and removes heavy layers of grease, grime, carbon, and soot with minimum effort**
- **Economical concentrate, water based, biodegradable**
- **Allows for faster restoration of heavily stained concrete, rocks, and gravel**
- **Economical to use. More concentrated than typical alkaline cleaners**
- **Excellent for use with pressure washers or in mop buckets**

**PHYSICAL FORM**

Liquid - Thin blue liquid

**PACKAGING**

55 gallon plastic drum (208 L.)

5 gallon plastic pail (19.93 L.)

Bulk (275 gallon containers or larger)

**AREAS FOR USE**

Concrete, asphalt, metal, heavy equipment, engines, machinery

**TEMPERATURE LIMITS**

32 deg F to 120 deg F

**SAFETY**

pH - approx. 11

Wet Flammability - nonflammable

Dry Flame Spread - N/A

Threshold Limit Value - Non-Toxic

Medical - Refer to MSDS

**COVERAGE**

Variable, depending on application

**TOOLS FOR APPLICATION**

Pressure washers, sprayers, mops

**LIMITATIONS**

None known

**WEIGHT**

8.33 lbs./liquid gallon (1kg/L.)

**DOT SHIPPING LABEL**

None required

**APPLICABLE TEST REQUIREMENTS**

As required by governing authority.

The Nature's Way Line of Bioremediation Products are covered by  
U.S. Patent number 5,561,059  
ALL INGREDIENTS ARE COMPLETELY BIODEGRADABLE
