Re: Integra Environmental
Power Clean

Marsh has been using Power Clean for over two years and it always works great. We clean equipment and tools on our trucks and trailers and use it in our warehouse too. Power Clean is 100% biodegradable and eats up the most stubborn hydrocarbons on dispensers and fuel islands where environmental concerns are great. Mr. Marcus Smart is a dependable supplier of Power Clean for Integra and always provides us great customer service. We have tried many different cleaning products but this stuff really works.

Best Regards,

Mike Jones
General Manager
Marsh Petroleum
