

Nature's Way
PC

AQUEOUS METAL PARTS CLEANER

with select, natural, oil-consuming microbes

An excellent parts cleaner/degreaser that is sensibly priced and really works.

Nature's Way PC is a non-toxic, heavy-duty aqueous fluid designed to break down and remove grease and grime from automotive and machinery parts as well as most other materials. PC contains safe, natural microbes, specially adapted for consuming petroleum hydrocarbon wastes. Oils, fuels, and lubricants washed off parts become the food source for the microbes. This inhibits build-up of hydrocarbons in the reservoir, preventing saturation, loss of steady cleaning ability, and need to replace or re-cycle the fluid.

To obtain the many benefits stated here, PC fluid must be used in a machine properly equipped with aeration and temperature control, parts must be drained of all excess fluids before placing in machine, solids must be filtered out and/or removed from the bottom of the reservoir regularly, and fluid level must be maintained using PC in proper dilution.

- Excellent cleaning and degreasing capabilities
- Resists flash rusting
- Enhances bioremediation of unwanted hydrocarbons
- Resists saturation - reduces or eliminates disposal of liquid
- Consistent performance - no gradual decline with use
- Non-hazardous, non-toxic, non-flammable
- Contains no butyls, caustics, acids, or phosphates
- Microbes used are safe, natural, non-pathogenic
- Does not irritate normal skin or cause cuts to burn
- Mild pleasant scent, no obnoxious odor or irritating fumes

PHYSICAL FORM

Liquid - White in color

PACKAGING

55 gal plastic drum (208 L.)

5 gal plastic pail (19.93 L.)

Bulk (275 gallon containers or larger)

AREAS FOR USE

In specialized parts cleaning machines equipped with aeration and heat. Cleaning concrete, metal, fiberglass, asphalt, plastic, rubber.

TEMPERATURE LIMITS

32 deg F to 120 deg F

SAFETY

pH - approx. 9

Wet Flammability -nonflammable

Dry Flame Spread - N/A

Threshold Limit Value - non-toxic

Medical - refer to MSDS

COVERAGE

Refer to instructions

TOOLS FOR APPLICATION

Specialized Machine equipped with full time heat and aeration

LIMITATIONS

Chemicals or conditions that will destroy live microbes will limit bioremediation. Do not mix with conventional cleaners.

WEIGHT

8.34 lbs/liquid gallon (1Kg/L.)

DOT SHIPPING LABEL

None required

APPLICABLE TEST REQUIREMENTS

As required by governing authority.

The Nature's Way Line of Bioremediation Products are covered by
U.S. Patent number 5,561,059
ALL INGREDIENTS ARE COMPLETELY BIODEGRADABLE
