Terry Fowler
Integra Environmental Ltd.
5825 Centralcrest
Houston, TX 77092

Subject: K-Gold

Dear Mr. Fowler:

The Texas Department of Transportation's Construction Division, Materials & Pavements Section (CSTM&P) has determined through an evaluation of your submitted information that the product seems to perform as stated. Should you wish to discuss the technical reasons for this decision, you may contact the following individual who provided the technical review of the product information submitted.

- Hector Marquez, CSTM&P (512-506-5873)

Should you wish to discuss the technical reasons for this decision, you may contact the following individual who provided the technical review of the product information submitted.

If you have any question concerning the product evaluation process in general, please feel free to contact me at 512-465-7403.

Sincerely,

Paul E. Krugler, P.E.
Director, Research and Technology
Implementation Office
